He is an occasional volunteer in the local museum. He is married to Maria and they have four grown-up children.

MID SUFFOLK LIB DEMS - OUR FIVE POINT PLAN

1. **HOUSING**
Set up a housing company by releasing money from council commercial properties outside the district to build more affordable homes.
2. **ENVIRONMENT**
Invest in renewable energy and reduce waste. Protect the natural environment and open spaces. Increase cycling provision.
3. **YOUTH COUNCIL**
Set a youth council with powers to influence policies.
4. **AREA COMMITTEES**
Organise area committees involving local people with meetings across the district.
5. **PLANNING**
Support neighbour plans and work with them to reduce the impact of major developments. And make sure enforcement is carried out.

David Child says...

"Having moved to Stowmarket in 2017 I have come to know that this town is a wonderful place to live. I feel that my position on the Town Council is to make sure that this town grows and develops in a way that ensures it remains a place where people choose to live.

This means that the Town Council must continue to play its role in supporting and maintaining the facilities it is responsible for and also it must be a strong voice advocating the importance of Stowmarket within Suffolk and make sure that message is understood by the District and County Councils.

I will support the Town Council's work on the Regal Theatre to improve it and make it a destination the people of the town want to go to as well as attracting visitors from the surrounding areas into our town.

I will support the Town Council in providing improved facilities for the playgrounds of Stowmarket.

I will ensure that the voice of Stowmarket is listened to at District Council level and will campaign to make sure that all development in this town is done sympathetically and in the right places with jobs, education and leisure all taken into account."
